

Global Nutrition Cluster Support to Countries

WEBINAR: Wednesday, January 31, 2018
from 9:00 AM to 10:30 AM (EST)

Today, 1 in 3 people are malnourished. This includes a staggering 54 million stunted and 13 million wasted children residing in countries affected by humanitarian crisis. Sadly, these children are not only at higher risk of dying, but are also likely to miss the opportunity to grow and develop to their full potential.

GLOBAL NUTRITION CLUSTER SUPPORT TO COUNTRIES IN HUMANITARIAN CRISIS - PAST, PRESENT & FUTURE

Join the GNC Webinar organized by the GNC's Strategic Advisory Group and UNICEF as they share their achievements, their ambitious strategy and plan and the challenges in supporting countries in humanitarian crisis to foster multi-sectoral coordination, to link humanitarian and development systems and to grow local capacities for improved emergency preparedness and response coordination.
