

**Multi-Cluster Initial Rapid Assessment (MIRA) -Nepal
for Multi-Hazards Scenarios as of July 2012**

(This assessment form should be used in close coordination and review with the District Disaster Relief Committee (DDRC). Stakeholders are requested to use this format to collect and analyze information of affected VDCs and Districts)

1. Assessment Team Information

Organizations participating		Date of assessment	
		From	To
Name of team leader		Contact Details	

2. Geographic information (to be filled up in consultation with DDRC)

2.1 Name of the District							
2.2.Type of Hazard/Disasters (Tick appropriate only) :							
Flood		Epidemic		Drought		Earthquake	
Landslide		Fire		Hailstorm		others	
2.3 Using a map of the district identify the VDCs/Communities that are affected by the disaster. Use the following categories:							
<ul style="list-style-type: none"> a. Worst affected (highest impact) b. Highly affected (High impact) c. Moderately affected (Moderate impact) d. Lightly affected (Light impact) e. Not affected (No impact) 							
2.4 On the same map indicate which of the affected VDCs/communities cannot be reached by vehicle							
2.5 On the same map indicate major concentrations of the Internally displaced people							
2.6 On the same map indicate critical transportation infrastructural damage (roads, bridges, airports)							
2.7 On the same map indicate potential security threats (dacoit, other groups, ...)							
2.8. Distance of the most affected VDCs from the DHQs (walking hrs: Driving hours)							

Following questions (3, 4 & 5) should be collected in DHQ by assessment team before in advance or prepared at the time of Disaster Preparedness and Response Planning in every District

3. District Level data to be considered (Collect Information from DPHO)

3.1 Functioning health facilities in the district						
Type of facility	Buildings		Adequate staff		Accessibility	
	Total No.	No of affected buildings	Yes	No	Yes	No
Sub Health Post						
Health Post						
Primary Health Care						
Hospital						
If local (S)HP/PHC are inaccessible for VDC population please explain why:						
3.2 How many cases of acute malnutrition are currently under treatment in the Hospital and or Nutrition Rehabilitation Home? (For district level facilities) Number: _____ (Optional)						
<ul style="list-style-type: none"> ■ Is this different from previous/other years? Explain: ■ Is there sufficient treatment capacity? Yes or No 						
3.3 Participation of community organization or community a. Yes b. No						
If yes, provide a) Name..... b) Contact Number c) Email						
If there are concentrations of families displaced outside of their community of origin (in neighboring VDC or beyond) collect the following additional information for each location:						

4. Sampled VDC/Community (Randomly select a community(s) within affected areas for the detailed information on the following (if time does not allow, select a community from the worst and/or highly affected areas only)

District	VDC	GPS of the sampled VDC: If not available, P-code of the VDC:	Mapping impact category (1-5)
Visited Ward numbers:	Number of wards affected:		Name of Villages visited:
Altitude of the visited wards	Latitude (Y):		Longitude (X):

5. Population data (Village/Settlement level)

5.1 Total population

Affected level and population	Total Families	Female	Male	Children < 5 yrs	Total population
5.2 Highly affected population (count)					
5.3 Less affected population (count)					
5.4 Number of Persons:	Male	Female	Children < 5 hrs	Common cause	
Dead:					
Injured:					
Missing					

5.5 Affected groups or Vulnerable groups (Count number of persons in every case)

Families with no shelter due to disasters		Unaccompanied elders >60 years		Unaccompanied minors		Severely ill / Disabled		Pregnant / Lactating Women	# Female headed households	Disadvantaged, Ethnic, religious, communities
Male	Female	Male	Female	Male	Female	Male	Female			

6. Shelter and NFI

6.1 What is the level of housing damage?

a) Total number of houses destroyed, no habitation whatsoever (requires complete reconstruction and demolished)	
b) Total number of severely damaged houses, unsafe for habitation (Walls, roof and column collapsed, hanging wall etc.)	
c) Total number of moderately damaged houses, that are safe for habitation but requiring minor maintenance (cracks evident but the structure intact)	
d) Total number of houses with no visual damage	

6.2 Are community shelter facilities with water and sanitation provisions available?

Yes No

If yes, indicate the type and number of facilities within the immediate community boundary and many people can be adequately accommodates (Narrative):

Public buildings (locations and accommodation capacity):

Host families (locations and accommodation capacity):

Other (locations and accommodation capacities):

6.3 What are the most likely immediate NFI needs of the community:

Emergency shelter / tarpaulin
 Shelter tools
 Blankets
 Cooking utensils
 Buckets / jerrycans
 Clothing / material
 Other (specify):

Narrative:

7. Household food security

7.1 What percentage of households lost percentage of their food stocks? (e.g. 40% of households lost 100%)	% of food stocks lost <input type="checkbox"/> 0-25% <input type="checkbox"/> 25-50 % <input type="checkbox"/> 50- 75 % <input type="checkbox"/> 75-100%	Corresponding %age HH
7.1 Within these food stocks what type of food is available	<input type="checkbox"/> Cereal <input type="checkbox"/> Pulses <input type="checkbox"/> Oil <input type="checkbox"/> <input type="checkbox"/> Vegetable <input type="checkbox"/> Meat	
7.2 For those who have stocks remaining, how long is it expected to last in average?	<input type="checkbox"/> 1-3 days <input type="checkbox"/> 4-7 days <input type="checkbox"/> 1-2 weeks <input type="checkbox"/> 3-4 Weeks <input type="checkbox"/> > 1 month	
7.3 What is the predominant source of food?	Before Crisis <input type="checkbox"/> Local shops/marketing <input type="checkbox"/> Government aid <input type="checkbox"/> Aid agencies <input type="checkbox"/> Own reserves <input type="checkbox"/> Others (Specify).....	Now <input type="checkbox"/> None..... <input type="checkbox"/> Local shops/marketing <input type="checkbox"/> Government aid <input type="checkbox"/> Aid agencies <input type="checkbox"/> Own reserves <input type="checkbox"/> Others (Specify).....
7.4 What percentage of households has access to cooking utensils?		
7.5 Does the community have access to fuel for cooking purposes?	Yes/ no	If yes, what type fuel used (tick appropriate one) a) Firewood b) Charcoal c) Kerosene d) Gas e) Other specify)
7.6 As a result of the emergency are any of the following coping strategies practiced in the community?		
<input type="checkbox"/> Reduce food intake <input type="checkbox"/> Eating seeds/wild food/ less preferred foods/ low quality food <input type="checkbox"/> Increase in borrowing for consumption purposes <input type="checkbox"/> Sale of household assets (cooking utensils, jewellery etc.) <input type="checkbox"/> Sale of productive assets (tools, animals, machinery, land) <input type="checkbox"/> Migration to other locations. <input type="checkbox"/> Reliance on external support (eg food/cash assistance) <input type="checkbox"/> Use of grain bank/emergency community fund <input type="checkbox"/> No coping strategy available <input type="checkbox"/> Others (Specify)	Estimated % of HH _____ _____ _____ _____ _____ _____	
7.7 Who are the most vulnerable group of people to food insecurity?	<input type="checkbox"/> child headed households headed households <input type="checkbox"/> elderly headed households disabled/severely ill <input type="checkbox"/> Certain caste groups (Specify)..... (Specify).....	<input type="checkbox"/> female <input type="checkbox"/> the <input type="checkbox"/> Others

7.8 a. Are markets functioning? <input type="checkbox"/> Yes <input type="checkbox"/> No		If yes what is the distance/ If no what is the reason (describe)?	
b. Are markets accessible? <input type="checkbox"/> Yes <input type="checkbox"/> No		If yes, what % of households has financial access?	
7.9 If available, what are the prices of main commodities? (please strike commodity if not available)	Unit	Now	Before disaster
	Rice	_____	_____
	Wheat flour	_____	_____
	Oil	_____	_____
	Pulses	_____	_____
	Milk	_____	_____
	Maize	_____	_____
	Potato	_____	_____
Other (Specify)			
7.10 a) What are the main livelihoods of this community? ; b) Estimate % of the community that sees this as main livelihood; c) What % families resumed their livelihoods?	<input type="checkbox"/> Crop farming <input type="checkbox"/> Livestock <input type="checkbox"/> Wage labour <input type="checkbox"/> Salaried Job <input type="checkbox"/> Fishing <input type="checkbox"/> Trade <input type="checkbox"/> Business/industry <input type="checkbox"/> Tourism <input type="checkbox"/> Forest products <input type="checkbox"/> Others (specify)	If applicable, % of communities that this is main livelihood.	% resumed
		_____ %	_____ %
		_____ %	_____ %
		_____ %	_____ %
		_____ %	_____ %
		_____ %	_____ %
		_____ %	_____ %
		_____ %	_____ %
7.11 At what stage of the cropping calendar is the community currently in and what impact will the emergency have on this?			
Describe possible impacts:.....			
Suggestions for coping the situation.....			
7.12 What is the expected loss as a result of crisis?	a) Crop area (Ropani/Bigha) b) Irrigation infrastructure (number/meter of canal) c) Fish ponds (number and area) d) food storage facility e) Other significant loss (specify).....		
7.13 What is loss related to livestock? (Number)	a) cattle: d) pigs:	b) buffalo: e) poultry:	c) goats/sheep: f) animal shelter:
7.14 does this community have food for livestock?	if yes, how long will it last		
7.15 a. Has there or any indication of animal disease outbreak? (yes or No)			
b. Is there animal health service accessible?			
7.16 Any other relevant comments or observations.....			

8. WASH

8.1 Water Supply

Availability of clean drinking water (15 liters /person/day) ? 0-24% 25-49% 50-74% 75-100%

Means of Verification: Interview with local government, utility etc. Verify with community if possible and observation

Primary water source: <input type="checkbox"/> Open Well <input type="checkbox"/> Tume Well/Hand pump <input type="checkbox"/> Stream/river <input type="checkbox"/> Storage/collection container <input type="checkbox"/> Piped water system <input type="checkbox"/> Other	Condition: <input type="checkbox"/> Working <input type="checkbox"/> Damaged (Repair required for minimum supply) <input type="checkbox"/> Contaminated <input type="checkbox"/> Destroyed <input type="checkbox"/> Water Turbid	Alternate water source available? <input type="checkbox"/> Yes <input type="checkbox"/> No If yes, type/location/water clear or turbid (cloudy) or information available on water quality: Facilities (material) required to supply minimum quality drinking water (e.g. repairs needed to water system):
---	--	---

Do affected families have water container with lid available at household level used for drinking water storage? Yes No

8.2 Sanitary facilities

Affected population with access to functioning sanitary facilities (e.g. Latrines): 0-24% 25-49% 50-74% 75-100%

Means of Verification: Interview with local government, health dept etc. Verify with community if possible and through observation.

Adequate personal hygiene supplies available (soap, sanitary cloth/napkins) Yes No

Narrative (no. of family hygiene kit required):

9. Protection

9.1 Is there any displacement of the local population? If possible, note estimated number and where they have gone

9.2 Are there separated and unaccompanied children?

9.3 Is there a registration / family tracing system in place? If so who is doing this?

9.4 What are the primary concerns of the most vulnerable groups at present (post disaster situation)?

	Shelter/ security	Food/ water	Health/ education	Physical safety / violence including GBV	Psychosocial support	Child labour/ trafficking	Other
Children 0 – 5 years							
Children less than 18 years							
Persons with disabilities							
Older persons (aged 60+)							
Pregnant/lactating women							
Ethnic Minorities							
Other							

9.5 Any other protection issues identified.....

9.6 Are there any community support mechanisms that can provide or refer to services (example Paralegal Committees, Women’s Federations, Child Clubs, Child Protection Committees etc.)? If so, which.....

10. Nutrition (If possible ask Female Health Care Volunteers or local medical staff)

10.1 What types and frequencies of foods are fed to infants and children under five years of age (most common first)?

6-12 months:	Now: • Types: _____ • Frequencies: _____	Before disaster: • Types: _____ • Frequencies: _____
--------------	--	--

12-59 months •	Now: • Types: _____ • Frequencies: _____	Before disaster: • Types: _____ • Frequencies: _____
-------------------	--	--

10.2 Are there any changes in preparing the foods (hand washing, storage) and storage of foods? No or Yes, if yes, what are the changes?

	Now: • Duration of storage: _____ • Handwashing : _____	Before disaster: • Duration of storage: _____ • Hand washing: _____
--	---	---

10.3 Is there indication of decreased/interrupted breastfeeding? No / Yes, If yes, what are the reasons?

What is replacing breastfeeding?

- For the children below six months:
- For the Children between 6-24 months:

10.4 Have there been any donations of infant formula or commercial baby foods or bottles or teats: No or Yes, If yes, source of donation(s) if known:

11. Health (Ask at health facilities and local communities)

11.1 Main health concerns				11.2 Availability of medicines/medical supplies			
<input type="checkbox"/> Diarrhoea	<input type="checkbox"/> Skin disease	<input type="checkbox"/> Eye Infections	<input type="checkbox"/> Injuries/Trauma	Medicines:	Equipments and supplies	<input type="checkbox"/> Adequate	<input type="checkbox"/> Adequate
<input type="checkbox"/> Vomiting	<input type="checkbox"/> Death of Mother and/or children following delivery	<input type="checkbox"/> Dehydration	<input type="checkbox"/> Any chronic conditions i.e. Diabetes, hypertension	<input type="checkbox"/> Adequate	(including stretchers):	<input type="checkbox"/> Inadequate	<input type="checkbox"/> Inadequate
<input type="checkbox"/> Snake Bites	<input type="checkbox"/> psychosocial illness	<input type="checkbox"/> Fever		Specify needs:	Specify needs:		
<input type="checkbox"/> Cough and Fever (ARI)		<input type="checkbox"/> Cough and Fever (ARI)		_____	_____		

11.3 Functioning of the nearest health facilities in village:

Type of facility	Damaged		Availability of staff		Accessible		Power Supply		Water Supply	
	Yes	No	Yes	No	Yes	No	Yes	No	Yes	No
Health Post										
Sub Health Post										
Private clinic/Nursing Home										

11.4 Who provides health care in that facility? _ Nurse, _ Doctor, _ Midwife, _ Other (specify) : traditional healers etc.

11.5 Access to nearest health facility: _ Easy; _ With obstacles (Explain); _ Very difficult (Explain). Distance in km:

11.6 Have there been any reports or rumors of any outbreaks or unusual increases in illness? ___ No, ___ Yes (Specify)

11.7 Have there been reports of non-infectious agents (such biological, chemical, nuclear, radiation, poisons or toxins)? _ No; _ Yes (Specify)

12. Education

12.1 % of school affected <input type="checkbox"/> 0-24% <input type="checkbox"/> 25-49% <input type="checkbox"/> 50-74% <input type="checkbox"/> 75-100% <input type="checkbox"/> Number of schools affected (optional & if possible)
12.2 No. of children affected (disaggregate by gender) ECD (Boy:) (Girl:) Basic School (Boy:) (Girl:)
12.3 No. of teachers affected (disaggregate by gender) ECD (Male:) (Female:) Basic School (Male:) (Female:)
12.4 Are Classes being taught and attended by Community? <input type="checkbox"/> Yes <input type="checkbox"/> No

12.5 What is the status of the school in the community?

Fully damaged, cannot be used in present condition
 Partially damaged, cannot be used
 Partially damaged but can be used with some maintenance
 Water logged but can be used with some maintenance
 Not affected

12.6 Have basic SCHOOL materials been affected? (Black boards / Teaching materials, books, stationaries, furniture, etc.)

Mostly lost
 Partially lost
 Not affected

12.7 Have EDUCATIONAL materials of the children been affected? (Text books, Stationaries, schoolbags, etc.)

Mostly lost
 Partially lost
 Not affected

12.8 Are school being used for any other purpose? Yes No (please specify if yes):

13. Emergency Telecommunications

13.1 What means of security telecoms and data services is available in the area?

Means of Communication	Service Status (Yes/No)	Comments
Radio Room Coverage 24 x 7		
HF / VHF Radio		
Sat phone		
Internet		
Other (e.g. HAM radio)		

13.2 What means of public communication are available?

Means of Communication	Service Status (Yes/No)	Comments
FM/AM Radio		
TV		
Mobile Phone (GSM, CDMA etc.)		
Landline		

13.3 Any alternate means of power backup available?

14. Logistics

14.1 Are all affected areas accessible for humanitarian agencies? (please tick as appropriate)

No Don't know Partially Fully

Remarks: Please describe in short if affected area partially or fully accessible and attach map as appropriate

14.2 Are logistics basic services functioning post disaster? (please tick as appropriate)

Logistics services	No	Don't know	Partially operational	Fully operational	Remarks
Fuel station					
Electricity					
Road service					
Transportation means					
Air service					
Others					

Remark: for detail please attach separate sheet

14.3 Since the disaster, what is the biggest logistics concern to the community? (please tick as appropriate)

Debris/rubble	stagnant water	Landslide	Bridge damage/collapses
Non functionality of roads	Unavailability of fuel	Damage of airport	River crossing Others:

		runway			
Remarks: Please attach separate sheet in detail as appropriate					
14.4 What is the severity of infrastructure damage in the area? (please tick as appropriate)					
Infrastructure	No damage	Partially & functional	Partially & not functional	Totally destroyed	Remarks
Warehouses					
Government Buildings					
Custom office					
Private buildings					
Business houses					
Fuel stations					
Power stations					
Airport					
Helipads					
Others...					
Remark: for detail please attach separate sheet					

15. Displaced Population and Camp Coordination and Camp Management (CCCM)					
15.1 Displaced Population					
Number of families:					
Male =	Female =	Children under 5 =	Elderly (Over 60) =		
Pregnant women =	Lactating Mother =	Differently able =	Total Population =		
15.2 Location of IDP site					
a. Name of the IDP site:		b. Latitude:		c. Longitude:	
Altitude:					
15.3 Type and Classification of Site					
Type	a. Spontaneous		b. Planned		
Classification of site	a. Camp	b. Settlement	c. Urban Scattered IDP location		
Ownership of land of the site	a. Private	b. Public	c. Other (Specify)		
15.4 Origin of IDP					
Where do most people originate from?					
a. Nearby neighbourhood (1000m radius)..... b. Other neighbourhoods (more than 1000m radius).....					
15.5 Registration of Displaced Population					
Registration conducted	a. Yes		b. No		
a. Number of registered HHs	b. Number of registered individuals.....				
15.6 Movement to and from the site					
		-Yes	-No		
How is population trend in the site?	a. Increasing		b. Decreasing		c. Same as before
15.7 Services Provided at IDP Site					
Toilet provided	Yes	No	Number:	Organisation:	Notes:
Drinking water	Yes	No	Quantity:	Organisation:	Notes:
Shower facility	Yes	No	Quantity:	Organisation:	Notes:
Garbage management	Yes	No	Quantity:	Organisation:	Notes:
Other services (Specify)					
15.8 Vulnerable Population					
Any Information suggesting that some group are underserved a. Yes b. No					

If yes, please specify.....

16. Prior Relief effort/assistance

16.1 Has the community received any assistance?	Yes	No
If Yes, who is providing what?		
If No, are there any current plans to provide assistance?		
16.2 Have all community members informed (regularly) about the disaster and assistance/response?
